

Programs for Young People and Their Parents

Welcome Back to Navigate's In-Person Programming

Navigate Adolescence is a nonprofit organization devoted to supporting the social and emotional well-being of young people and their families. After two years of offering our programs virtually, Navigate Adolescence is pleased to be offering a brand new line-up of in-person mini programs titled "Let's Get Social."

"Let's Get Social" 90-minute Mini-Programs for Young People in Grades 3-6

Programs will begin with a professionally-led 30-minute social skill builder, followed by an hour of activity designed to provide something for every interest! Activities are grade-level specific, and all programs will be offered for each grade level.

There is something for everyone. Register for the activity that speaks to your child's interests!

Scholarships are available for all programs. Contact us at info@navigateadolescence.org for more information
